

February 2010

John and Pam Haddix  
16248 Dandborn Dr.  
Westfield, I 46074

Artists in Christian Testimony Int'l.

Dear Friends,

We hope you are weathering 2010 well and off to a good start in your personal lives, families and work! It has certainly been an eventful year so far as we've seen many big challenges impacting our country and the world.

We have friends from A.C.T. Int'l. as well as other ministries who are sacrificially tackling the opportunities to help others. And it's great to see how the body of Christ is shining not only in Haiti, but around the world to meet needs physically and spiritually. Might God allow these things sometimes for that reason?

The year has been an unexpected road of health issues for both of us so far! John began Christmas with a high fever, which quickly led to pneumonia, which laid him up for about a month. Then just as he was finally getting close to recovery, Pam came down with many of the same symptoms, and 3 weeks later is still battling a vicious cough, among other things. We are slowly recovering but needless to say it has slowed us down tremendously, and it's just not fun!

We are continuing to seek the Lord for our next steps both in our ministry with A.C.T. Int'l. and other opportunities. Prayer is our greatest need right now as we consider the options before us, seek to listen, and to follow. *As always, we are so thankful for you and are truly leaning on your partnership in prayer with us.* Just as the Moses was called to intercede for Israel's battle with Amalek by lifting his arms, (Exodus 17) so we ask for your intercession for our ministry and we know that by your prayers and God's grace we will move forward for His kingdom!

Please join us and pray as you are led:

- Lord, we ask for Your healing of John and Pam's recent illnesses and regained energy to 100% ...
- Father, Doctors say Pam needs to have her thyroid removed due to suspicious cells. Please grant John and Pam wisdom and peace through this process and that the procedure (March 8<sup>th</sup>) and that the follow-up would go smoothly...
- Jesus, please bless the editing process of the book "The Authentic Musician" and use it to reach and equip other musicians/artists for Your glory ...
- Father, please guide their ministry and multiply their impact to help change people's lives. Open doors for ministry through A.C.T. Int'l. and other partnerships for your glory... and thank you by faith for meeting their needs.

Thanks for investing not only in our lives but also in the lives of others whom we touch. We pray you will experience His abundant love and peace! Please email or call us with any needs, questions, and prayer requests.

Much love in Christ!
